PART VI.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 22nd March, 1928 :—

LEGISLATIVE ASSEMBLY BILL NO. 19 OF 1928.

A Bill to alter the order in which certain heirs of a deceased Hindu dying intestate are entitled to succeed to his estate.

WHEREAS it is expedient to alter the order in which certain heirs of a deceased Hindu dying intestate are entitled to succeed to his estate ; It is hereby enacted as follows :—

Short title, extent and application.

1. (*1*) This Act may be called the Hindu Law of Inheritance (Amendment) Act, 192 .

(*2*) It extends to persons subject to the Law of the Mitakshara country who, but for the passing of this Act, would have been subject to the said law, whether as a paramount authority or not, in respect of the provisions herein enacted : but it applies only in the case of the property of Hindus, not being held in coparcenary and not having been disposed of by will, to which the succession opens after the thirty-first day of July 1928.

Definitions.

2. In this Act,—

(*a*) "Hindu" means a person of the male sex governed by the Mitakshara law of inheritance ;

(*b*) "order of succession" means the order in which, according to the Mitakshara law of inheritance as administered in the territories to which this Act extends, the relations of a deceased Hindu succeed to his estate or to any portion thereof ; and

(*c*) "son" includes an adopted son, provided that, in the case of the adoption of a son to a sister's husband, the adoption has been made with the consent of that sister during her lifetime.

Order of succession of certain heirs.

3. A son's daughter, daughter's daughter, sister, and sister's son shall, in the order so specified, be entitled to rank in the order of succession next after a father's father and before a father's brother.

Savings.

4. Nothing in this Act shall—

(*a*) affect any special family or local custom having the force of law, or

(*b*) vest in a son's daughter, daughter's daughter or sister an estate larger than, or different in kind from, that possessed, according to the Mitakshara law of inheritance as administered in the territories to which this Act extends, by a female in property inherited by her from a male, or

(*c*) enable more than one of several sons' daughters, daughter's daughters, sisters or sister's sons to succeed by inheritance to the estate of a deceased Hindu male which by a customary or other rule of succession descends to a single heir.

STATEMENT OF OBJECTS AND REASONS.

(1) This Bill is a revival of a similar Bill introduced by the late Mr. T. V. Seshagiri Ayyar and passed by the first Assembly on the 27th March 1923. Its consideration in another place was moved on the 19th July 1923, but postponed to the next session, when no further action being taken, the Bill was suffered to lapse.

(2) The Bill is intended to remove a sex disqualification which under the archaic rules of Hindu Law excludes one's nearest female relations, *e.g.*, the sister, the son's daughter and the daughter's son, from inheritance altogether, while it gives the sister's son a very low place amongst *bandhus* who can only take in the absence of *gotraja sapindas* and *samanodaks*, that is to say, the owner's agnatic relations even up to the 14th and later degrees, which gives him a very poor chance of succession in many cases. This condition is somewhat ameliorated in the case of persons subject to the Mayukh law where usage has given female heirs a somewhat better position, though in the case of persons subject to the Dayabagh School of Law certain *bandhus* are not considered inferior to the *gotrajas* : till even under that system the sister is not an heir though the sister's son is expressly mentioned in the Dayabagh as the heir while the son's daughter and the daughter's daughter have no place at all. In fairness to Bengal the Bill should have been extended even to that Province but an objection was taken in the first Assembly to its extension to that Province and its provision was, therefore, restricted to the two Provinces of the Mitakshara country.

(3) The Bill is intended to include the son's daughter, daughter's daughter, and the sister amongst heritable *bandhus* which they are not under the Hindu Law, and improves the position of the sister's son by placing him immediately after the grandfather but before the grand uncle.

(4) This does not exhaust a very large number of female relations, *e.g.*, the son's son's daughter, the brother's daughter, the sister's daughter, who still remain outside the pale of heritable *bandhus*. But the Bill being merely a revival of the Bill already passed by the Assembly it is not proposed to enlarge upon its provisions for the present, though the whole law of Hindu inheritance is unsatisfactory and does not follow the line of affinity and affection, placing as it does agnatic kinsmen however remote above all cognatic relations however near.

(5) The Bill will not make any serious inroad upon the law as understood in the Province subject to Mayukh, nor will it seriously affect the law as understood in the Province of Madras where female *bandhus* are allowed to rank but only after all the male *bandhus* are exhausted.

(6) The previous Bill passed by this Assembly was limited only to the two Provinces of Madras and United Provinces, but the reason for this limitation is not understood nor was it clear to the Council of State who gave it as one of their reasons for postponing its consideration. It is hoped that the small Bill intended to rectify a glaring injustice to one's nearest relations will receive the same support as its predecessor and that this time it will find a place on the Statute-book.

79. **Powers of Inspectors.**—An Inspector may, together with such assistants, if any, as he may think fit to bring, enter any place within the area for which he is appointed, which is, or which he has reason to believe to be, used as a factory; and there make such examination of the premises, ways, works, machinery and plant, and of all registers or other prescribed records as may be necessary for the purposes of the Act; and he may take on the spot or otherwise, such evidence of any persons as he may think necessary to examine.

80. In addition to the powers mentioned in rule 79, an Inspector may, subject to such restriction as may be notified by the local Government with regard to him, exercise such other powers as may be necessary for carrying out the purposes of the Act.

81. **Obstructing an Inspector.**—The manager or occupier of a factory shall not obstruct or permit to be obstructed by any person in the factory an Inspector in the exercise of his duty, and shall not fail to produce on demand by an Inspector any registers or other documents prescribed by these rules and shall not conceal, or prevent or attempt to prevent, any person employed in the factory from appearing before, or being examined by, an Inspector; and shall not withhold such information as the Inspector may require under these rules; provided that no person in any factory shall be required to answer any question of, or to give any evidence to, an Inspector tending to criminate himself.

82. **Duties of an Inspector.**—The Inspector shall give to the manager or occupier of every factory within the local limits for which he is appointed such orders as may be required to bring the factory and the persons therein employed into complete conformity with the Act and these rules. Such orders shall be confirmed in writing.

83. A Register of Factories compiled from information received on Form A shall be maintained by the Chief Inspector of Factories, and an extract giving details of factories for each district shall be sent on or before the 15th February of each year to the District Magistrate concerned. All changes in the list which may be made in pursuance of rules 5, 6, 7, 75 and 76 shall also be intimated to the District Magistrate as and when such changes are made.

84. Every Inspector subordinate to another Inspector shall furnish the latter with all such reports and information as may be necessary to him for the proper execution of his duties.

85. **Responsibilities of Inspector.**—The Chief Inspector shall be primarily responsible for the administration of the Act in all areas of the Province. The extent of the responsibility of each other Inspector shall be in accordance with the powers conferred upon him as declared by notification under sub-section (*5*) of section 4. In order that he may satisfy himself that the provisions of the Act and of these rules are duly observed, an Inspector shall make such inspections of factories as may appear to be necessary to him, or to the authority to whom he is subordinate.

86. The Inspector shall, at each inspection of a factory, satisfy himself that the provisions of the Act and of these rules relating to the health and safety of the persons employed therein, are duly observed; that the children employed in the factory have been duly certified and that the prescribed register of children is properly maintained; that the hours of employment of all persons working in the factory are properly and continuously recorded in the prescribed register; that the periodical stoppages of work and the prescribed holidays are granted; that the prescribed limits of hours of work are not exceeded and that the prescribed abstracts and notice are duly maintained and fixed

under section 36 ; and he shall note how far defects pointed out at previous inspections have been removed, and how far orders or recommendations previously issued have been complied with.

87. The Inspector at each inspection shall enquire, sufficiently to ascertain where the responsibility for their occurrence rests, into all accidents which may have taken place since the last inspection, and shall pass such orders or recommendations as may be proper for the prevention of such accidents. The Inspector shall report all such enquiries made by him, and a copy of the report shall be sent to the manager or occupier of the factory concerned.

88. **Report of Inspection.**—As soon as practicable after inspection, the Inspector shall report upon such conditions of the factory as are contrary to the Act or to these rules or as may seem to him to require comment. A copy of such report shall be sent to the manager or occupier.

89. Such extracts from the report of an Inspector made under rules 86, 87 and 88, as may be necessary for his information, shall be furnished to the District Magistrate by the Inspector, either directly, or through the Chief Inspector.

90. In the case of factories situated in places coming under the Municipal Act, if it appears that there has been a disregard of the provisions of any municipal or other local Act relating to sanitary arrangements, removal of objectionable rubbish, the cleaning and fencing of water tanks or the like matters, the Inspector shall, without prejudice to any action which he is empowered to take under the Act and rules, draw the attention of the Chairman of the municipality or other local body to the breach of the sanitary regulations in question.

91. **Inspection by District Magistrate or Additional Inspector.**—When in any area the District Magistrate or an additional Inspector exercising all or any of the powers of an Inspector makes an inspection, a copy of his note on the inspection shall be sent to the whole-time Inspector appointed for that area for such action as the latter may think necessary, as well as to the manager if the Magistrate considers it desirable.

92. **Disuse of Dangerous Plant.**—Pending the execution of an order under rule 82, the Inspector may, when there is imminent danger to human life, prohibit the use of that part of the ways, works, machinery or plant to which the order relates.

93. **Inspector's Records.**—Every Inspector shall keep a record of all orders and remarks made by him relating to each inspection.

94. Any certificate, order, letter, report, or other document issued by an Inspector of Factories or other officer duly appointed in this behalf by the Government or by a Municipality or by other public body, with respect to the fitness or safety of the factory or any portion of its buildings, works, plant, machinery, apparatus, or ways, or with respect to the fitness of persons employed in the factory, shall be properly filed and exhibited to the Inspector on his demand.

95. A request by the Inspector for information necessary to establish—

(*a*) the observance or otherwise of any provision of the Act,

(*b*) the execution or observance of any order of an Inspector, or

(*c*) the condition, age, or history of any part of the factory, its plant, machinery, apparatus, or ways, so far as such may be an indication of safety or danger in the use of such objects,

if made during an inspection, shall be complied with forthwith by the manager or occupier if the information is available in the factory; and if made by letter, shall be complied with by the manager or occupier within seven days from the date of receipt, or as soon afterwards as the information can be obtained.

96. **Appeal against an Order of an Inspector.**—Any person on whom an Inspector has served one or more of the following orders may, within 15 days from the receipt of such order or orders, appeal in the form prescribed

in rule 78 to the Commissioner. The appellate authority may confirm, modify or reverse the order or orders :—

(*g*) An order prohibiting the presence in a factory or in any part of a factory of children whose age is less than that at which they may be legally employed in a factory, which the Inspector considers to be required under section 19A.

97. When an appeal against the order of an Inspector is presented under rule 96, the appellate authority may, and, if so requested by the appellant in his petition of appeal, shall, hear the appeal with the aid of two assessors.

98. When assessors are to be employed in the hearing of an appeal against the order of an Inspector, the appellate authority shall call upon the body which is considered most representative of the industry concerned to appoint one of the assessors within a period of fourteen days. When such assessor has been so appointed, the appellate authority shall appoint the other assessor; and shall then fix the place, day and time for hearing the appeal, of which due notice shall be given to the appellant and to the Inspector against whose order the appeal has been presented, and shall call upon the two assessors to appear and assist in the hearing of the appeal at the appointed place and time:

Provided that if no assessor is appointed by the aforesaid body within the prescribed period, or if the assessor so appointed fails to attend at the appointed time and place, the appeal may be heard without such assessor, or, if the appellate authority thinks fit, without the aid of any assessor, unless the appellant at whose request the assessor was appointed objects to the hearing of the appeal.

99. An assessor appointed under rule 98 shall receive a fee of Rs. 32 and travelling expenses for assisting in the hearing of the appeal. Such fees and travelling expenses shall be paid by the local Government, except that in cases wherein the assessors have been appointed at the request of an appellant against whom the appeal is decided wholly or partly, the appellate authority may direct that the fees and travelling expenses shall be paid wholly or in part by such appellant.

100. **Suspension of Orders while under Appeal.**—When an appeal is presented against the order of an Inspector, unless it is an appeal under clause (*g*) of rule 96, the appellate authority may, on the application of the appellant, suspend the operation of the order of the Inspector pending the decision of the appeal; but where no such suspension has been granted, the Inspector's orders shall be complied with, notwithstanding that the appeal against it has been presented.

(*b*) In case of injurious gases, dust, or bad ventilation, Inspectors may require exhaust fans or other artificial aids to ventilation to be used.

10. In every factory the inside surface of all walls of the rooms in which persons are employed, and all the ceilings or tops of such rooms (whether such walls, ceilings or tops be plastered or not), and all passages and staircases, shall be limewashed completely every 14 months.

Third and Final Forecast of the Spring Oilseed crops of Bengal, 1927-28.

(NOTE.—On an average of the five years ending 1925-26, the area under linseed in Bengal has represented some 3·4 per cent. and that under rape and mustard 11·6 per cent. of the total area under these crops in British India.)

Character of the Season.—In the second forecast the weather was reviewed as having been favourable in the early stages of the season; but lack of adequate soil moisture since the latter part of October affected later sowings and development of early sown crops, especially in parts of West and North Bengal. Late sown crops also suffered through absence of rain, although rainfall in the end of January somewhat improved their prospects. On the whole, the season was fair in East and parts of North Bengal, while elsewhere it was generally unfavourable.

Acreage.—Oilseeds are principally grown in the Rajshahi, Dacca and Presidency Divisions. In the other two divisions the cultivation is small. The total area under these crops (excepting sesamum, for which separate forecasts are issued) is estimated at 900,600 acres this year as against 936,500 acres last year.

Outturn.—From the District Officers' estimates the provincial outturn of the different oilseed crops works out at 69 per cent. of the normal as against 78 per cent. last year.

Taking 5¾ maunds as the normal rate of yield per acre for linseed, 6 maunds for rape and mustard and 4½ maunds for other oilseeds, the total yield of the crops for the province is estimated at 133,500 tons this year as against 146,900 tons or about 15 per cent. less than last year.

DEPARTMENT OF AGRICULTURE, BENGAL.

Final Forecast of the Wheat Crop of Bengal, 1927-28.

NOTE.—On an average of the five years ending 1925-26, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India and (*b*) in the territory now reported on has, in the five years ending 1925-26, averaged (*a*) 39·0 and (*b*) 14·2 per cent., respectively.

Character of the season.—In the initial stages of the season the weather was favourable for cultivation and for early sowings, but prolonged drought delayed later sowings and affected the growth of early crops in the high land tracts. Rainfall in the months of January and February improved prospects to some extent in the important district of Malda, but full recovery was impossible. Excepting in Mymensingh, Jalpaiguri, Darjeeling and Rangpur, the season was altogether unfavourable for the crop.

Acreage.—According to the estimates of District Officers, the total area sown is 106,600 acres this year as against 129,300 acres last year.

Outturn.—The provincial outturn as worked out from the district estimates is 64 per cent. of the normal as against 81 per cent. last year.

Taking the normal yield to be 8¾ maunds per acre, the gross yield of the crop for the province is estimated at 21,900 tons this year as against 32,100 tons or about 32 per cent. less than last year.

At the end of April the average wholesale price of wheat at the principal marts of the province was Rs. 6-8-8 per maund or about 4 per cent. higher and 6 per cent. lower than the prices ruling, respectively, in the corresponding period of last year and in the year preceding. The average wholesale price of common rice at the principal marts, on the other hand, was Rs. 7-7-3 per maund or about 1 and 4 per cent. higher than the prices ruling at the corresponding periods of last year and the year preceding, respectively.

For the week ending on the 9th May 1928.

Summary.—During the week general rain fell almost throughout the province. It has facilitated field operations and benefited the standing crops generally. More rain is, however, needed. Sowings of jute on high lands are well advanced in East and parts of North Bengal, while elsewhere they are progressing. Distress continues to prevail in parts of Nadia, Murshidabad, Birbhum, Bankura, Dinajpur and Malda where the number of persons employed on test relief works was 855, 5,660, 1,332, 576, 4,960 and 6,434 respectively. The average price of common rice for the province has fallen by about 0·18 per cent. as compared with that of the previous week.

DEPARTMENT OF AGRICULTURE, BENGAL.

Monthly Weather and Crop Report of Bengal for April 1928.

I. **Character of the season.**—During the first nineteen days of the month, moderate rain fell almost throughout the province, after which the weather was practically dry. The precipitation was above the average in the 24-Parganas, Bankura, Midnapore, Hooghly, Howrah, Dinajpur, Rangpur, Darjeeling and Cooch-Behar. The usual rainfall-statement is appended.

II. **Progress of agricultural operations.**—Sowing of jute and autumn paddy was approaching completion in the lowland tracts of East and North Bengal and was in progress in the highland tracts. Weeding continued.

III. **State of standing crops.**—The condition of young jute, *bhadoi* paddy and sugarcane plants was satisfactory, although more rain was needed to help their growth.

IV. **Prospects and probable outturn.**—The prospects of sugarcane, jute and deep-water paddy were promising. The total outturns of wheat and different spring oilseed crops were 64 and 69 per cent., respectively, of the normal for the province, as a whole.

V. **Damage to standing crops.**—No appreciable damage was done to the standing crops except in the highlands, where prospects are being threatened by drought.

VI. **Condition of agricultural stock.**—The condition of agricultural stock was, on the whole, fair. Stray cases of cattle-disease were, however, reported from thirteen districts.

VII. **Failure of pasturage and fodder.**—Insufficiency of fodder was reported from parts of the 24-Parganas, Nadia, Murshidabad, Burdwan, Rajshahi and Malda.

VIII. **Prices of food-grains.**—During the second fortnight of the month the retail price of common rice of the cheapest quality rose in eleven districts, fell in two and remained stationary in the rest of the Presidency. It varied from 4¼ seers per rupee in Pabna to 7 seers per rupee in Chittagong.

IX. **Condition of agricultural population.**—The condition of the agricultural population was fair, on the whole, except in parts of Nadia, Murshidabad, Birbhum, Bankura, Dinajpur and Malda, where distress continued to prevail owing to a partial failure of the winter rice crop. Test and other relief works continued to help the condition of the people of these places.

Simla, the 2nd May 1928.

NOTICE.

A competitive examination for admission to the Indian Forest Service will be held at Delhi beginning on Monday, the 20th August 1928, under rules which have been framed by the Secretary of State for India in Council and which are printed at pages 457 to 462 of this Gazette*. Candidates accepted for admission to the examination will be informed at what place in Delhi and at what hour they should present themselves.

1. The number of candidates to be selected at this examination will be announced hereafter. The number of appointments which will be announced for competition will not represent the total number of vacancies to be filled in India, since certain vacancies will be reserved and will be filled, if necessary, by nomination for the purpose of adjusting Communal inequalities which may arise from the result of the examination.

2. No candidates will be admitted to the examination from whom the Authority mentioned below has not received on or before the 16th June 1928, an application on the prescribed form accompanied by the necessary documents. Copies of the Application Form may be obtained from that Authority.

3. The application must be made to the proper Authority for the area in which the candidate's parents reside at the time of the application, or of an area in which they have previously resided for a period of not less than three years, or in which he has himself resided, otherwise than as a student at a University only, for a like period.

The proper authority is for a Governor's Province, the Chief Secretary; for Coorg, the North-West Frointer Province, Delhi, Ajmer-Merwara, Baluchistan or Andaman and Nicobar Islands, the Chief Commissioner; and for a State in India, the Political Officer or Agent, who should be addressed through the Durbar.

4. No allegation that an Application Form or letter respecting such Form has been lost or delayed in the post will be considered unless the person making such allegation produces a Post Office Certificate of posting. Candidates who delay their applications until a late date will do so at their own risk.

Note.—With refcrence to the note to rule 9 the Governor General in Council has, with the approval of the Secretary of State for India in Council, relaxed the condition imposed by that rule so as to admit to this examination the following four classes of Indian students who have undergone at their own expense a course of Forestry outside India and have thereby been prevented from entering for the examination in India for admission to the Indian Forest Service :—

(*a*) Those who were not debarred by age from appearing at the competitive examination in 1926, *i.e.*, were under 23 then, but were too old to appear at the examination in 1927 by reason of being over 23 on the 1st April 1927.

(*b*) Those who had obtained a degree or diploma in Forestry and were under 25 years of age on the 30th June 1926.

(*c*) Those who were qualified to take the examination in 1927, but did not do so perhaps on account of short notice, and are over age this year.

(*d*) Those who, having obtained a diploma or degree in Forestry, were under 25 on the 30th June 1927.

These concessions will not operate to allow any of the candidates in question who has appeared once at the examination to appear a second time and are confined to Indian students who were undergoing forestry training outside India in 1926 or 1927.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

No. 159T. L., dated Darjeeling, the 19th May, 1928.—The following report of the Select Committee on the Bengal Village Self-Government (Amendment) Bill, 1928, with the Bill as amended by the Committee, is hereby published for general information :—

REPORT OF THE SELECT COMMITTEE ON THE BENGAL VILLAGE SELF-GOVERNMENT (AMENDMENT) BILL, 1928.

We the undersigned members of the Select Committee, appointed by the Legislative Council on the 27th March, 1928, to consider the Bengal Village Self-Government (Amendment) Bill, 1928, have considered the provisions of the Bill, and the following papers relative thereto:—

Paper No. 1.

(*1*) Letter Nos. 399-403 L., dated the 8th February, 1928, to all Commissioners of Divisions, inviting opinions of the District Officers and District Boards on the provisions of the Bill.

(*2*) Notification No. 405 L., dated the 9th February, 1928, publishing the Bill in the *Calcutta Gazette* for public criticism.

(*3*) Letter No. 1711 J., dated the 8th March, 1928, from the officiating District Magistrate of Faridpur, expressing an opinion on the provisions of the Bill.

(*4*) Letter No. 827 M., dated the 19th March, 1928, from the Commissioner of the Rajshahi Division, expressing an opinion on the provisions of the Bill.

(*5*) Letter No. 1181 G., dated the 21st March, 1928, from the Commissioner of the Chittagong Division, with enclosure, expressing an opinion on the provisions of the Bill.

(*6*) Letter No. 74 L. S.-G., dated the 22nd March, 1928, from the Commissioner, Presidency Division, with enclosure, expressing an opinion on the provisions of the Bill.

(*7*) Letter No. 1521 J., dated the 22nd March, 1928, from the Commissioner of the Dacca Division, with enclosure, expressing an opinion on the provisions of the Bill.

Paper No. 2.

Letter No. 673 L. S.-G., dated the 26th March, 1928, from the Commissioner of the Burdwan Division, expressing an opinion on the provisions of the Bill.

We have the honour to submit this our report with the Bill, as amended by us, annexed.

The Bill was published in English in the *Calcutta Gazette* on the 26th January, 1928.

2. The Committee met on the 3rd April, 1928.

3. *Clause 2.*—The Committee was of opinion that clause 2 of the Bill should be revised so as to confer power upon union boards or a combination of union boards to make money contributions to institutions or undertakings not actually under their control, and also so as to extend their powers of combination to include the undertaking of all works of public utility which a union board may undertake under the Act. We have redrafted the clause to this end.

We have omitted the words " or part of a district " in sub-section (*1*) as being unnecessary, and we have inserted the words " from time to time " in sub-section (*3*) of the proposed new section, to ensure the power of revising an allocation of cost once made. We have rejected the proposal to make the wording mandatory, preferring by retaining the word " may " to leave to the union boards unfettered discretion in the exercise of the powers which the Bill is designed to confer on them.

Clause 3.—We have inserted the words " from time to time," in order to secure to union boards power to withdraw all or any of the powers delegated to the committees.

Clause 4.—We consider it advisable to safeguard the powers of control of the Commissioner and the District Magistrate, as well as those of the District Board.

Clause 5.—We have made provision herein for the determination of the number of members to be furnished by the several union boards to the committees and for the settlement of subsidiary matters, such as the supervision of the proceedings of the committees by the union boards, and the revision of the committee upon any change in the circumstances of the constituting union boards.

4. We do not consider that the Bill has been so altered as to require republication.

5. We recommend that the Bill as amended by us be passed.
